Pre-Programme

21st ROSTOCK SYMPOSION for Tumor Immunology and Brain Tumor Research in Pediatrics

Friday 19. Feb. + Sat. 20. Feb. 2027
Hörsaal
Klinik für Kinder- und Jugendmed.
Universitätsmedizin Rostock

Dear Colleagues,

it is my great pleasure to invite you to the *21st Rostock Symposion for Tumor Immunology and Brain Tumor Research in Pediatrics.*

Contributions from all areas ranging from immunology to brain tumor research, genetics, applied immunotherapy, and oncology, from clinical studies to basic science are welcome, both as 30 min. overview presentation or as short communications!

A great number of reknown physicians and scientists from all over the country and abroad have already confirmed to give presentations, sharing with us their knowledge and experiences, including newest research data.

However, there is still much space in the programme, and all scientists as well as physicians are heartily invited to share their recent data at this meeting.

Of course, again, it will certainly be a very lively event, with much opportunity to communicate in a familiar surrounding – particularly in the very special evening event - and I hope that all of us will have a lot of fun together.

Rostock, November 2026

C. F. Classen

Main Subjects:

General Immunology

Immunodeficiency

Tumor Immunology

CAR T Cell Therapy

RNA technologies

Tumors and Viruses

Brain Tumor Models

Brain Tumor Genetics

Experimental Brain Tumor Therapy

Bone Marrow Transplantation

Leukemia

Experimental Immune Therapy

Liquid Biopsy

…and other research subjects in oncology, immunology, and brain tumor research

Confirmed speakers

Prof. Dr. med. Josefine Radke
Institut für Pathologie, Greifswald

Dr. med. Stephan Tippelt
Päd. Onkologie, Essen

Dr. med. Manina Etter
Neurochirurgie, Universitätsspital Basel

Prof. Dr. med. Mike-Andrew Westhoff
Universitätsklinikum Ulm

Prof. Dr. med. Marion Schneider
Universitätsklinikum Ulm

Dr. rer. nat. Doreen William
Institut für Klinische Genetik, Dresden

Dr. Claudia Müller
Fraunhofer-Inst. Leipzig

Dr. med. Manon Queudeville
Kinder-UKE Hamburg-Eppendorf

Dr. med. Ysabel Alessa Schwietzer
Kinder-UKE Hamburg-Eppendorf

Prof. Dr. med. Kornelius Kerl
Päd. Onkologie, Münster

Prof. Dr. med. Simone Fulda
Universitätsklinikum Kiel

Prof. Dr. med. Stefaan van Gool
IOZK Immun-Onkologisches Zentrum Köln

… and many others
